

SAKO SPECIFICATION SAKO

SAKO 75 HUNTER LAMINATED STAINLESS

SAKO 75 HUNTER LAMINATED STAINLESS has a series of actions which are designated: Short action I, Medium action III, Long actions IV and V (Magnum). All metal parts are made of stainless steel or are specially coated to ensure excellent wear and corrosion resistance in different weather conditions.

ACTIONS

The actions continue to offer traditional SAKO features such as: action sizes matched to cartridges; mechanical ejection; integral tapered scope mount rail and one-piece forged bolt.

Long and medium bolts are optionally available provided with KEY CONCEPT locking system to prevent illicit use.

MAGAZINE

The Magazine is detachable and it can also be loaded through the ejection port.

TRIGGER

The single-stage trigger pull is adjustable from 1 kg to 2 kg (2 to 4 lbs). All models are available with a single-set trigger as option.

The safety features a mechanism that allows loading and unloading of the rifle with safety engaged.

STOCK

The stock is made of gray mattlacked laminated hardwood.

BARREL

The totally free-floating barrel is cold hammer-forged of stainless steel.

SIGHTS

SAKO 75 HUNTER LAMINATED STAINLESS is available without open sights. Integral rails for the scope mounts are on the top of the receiver .
